Spokane Community College and Spokane Falls Community College ASSOCIATE IN BUSINESS DIRECT TRANSFER AGREEMENT/MAJOR RELATED PROGRAM (DTA/MRP) **DEGREE REQUIREMENTS**

The Associate in Business (DTA/MRP) degree is a statewide articulated transfer degree agreement for business majors between the community colleges and most fouryear institutions. Students will enter the four-year institution at junior standing. Admission to Washington four-year institution's schools of business is not guaranteed to students holding a DTA/MRP degree. It is highly recommended that students meet with a counselor or academic adviser at Spokane Community College or Spokane Falls Community College on a regular basis to be sure that requirements specified in this degree are met. Students should also seek academic advising at the four-year institution to which they plan to transfer early in their educational planning to learn about additional requirements and procedures for admission. A candidate for the Associate in Business degree must complete a minimum of 90 quarter credits in academic courses numbered 100 or above with a cumulative grade point average of at least 2.0 and meet specific distribution requirements. Courses must be chosen from the following distribution areas: communication - 10 credits, quantitative/symbolic reasoning – 5 credits, humanities – 15 credits, social sciences – 15 credits, mathematics/science - 15 credits, health-related and physical education/recreational and leisure activities – 5 credits, required business courses – 25 credits. At least 5 credits must be W-designated (writing-intensive). At least 5 credits must be D-designated (global/diversity). PE activity courses are limited to a maximum of three credits for the entire program. At least 30 credits must be earned in residence from Spokane Community College or Spokane Falls Community College with at least 15 credits earned in the required distribution areas at the college awarding the degree. Prior college-level credits and grade points are transferred for calculating total credits and GPA.

DISTRIBUTION Credits for a specific course may be used in only one distribution area requirement.

2014-2015

COMMUNICATION 10 credits

Two courses from this area satisfy the Communication composition requirement but not the writing-intensive requirement.

ENGL& 101, 102
