

Spokane Community College and Spokane Falls Community College

ASSOCIATE IN PRE-NURSING

DIRECT TRANSFER AGREEMENT/MAJOR RELATED PROGRAM (DTA/MRP)

DEGREE REQUIREMENTS

The Associate in Pre-Nursing DTA/MRP degree is a statewide articulated transfer degree agreement for nursing majors between the community colleges and most four-year institutions. Students will enter the four-year institution at junior standing. Admission to Washington four-year institutions' schools of nursing is not guaranteed to students holding a Pre-Nursing DTA/MRP degree. It is highly recommended that students meet with a counselor or academic adviser at Spokane Community College or Spokane Falls Community College on a regular basis to be sure that requirements specified in this degree are met. Students should also seek academic advising at the four-year institution to which they plan to transfer early in their educational planning to learn about additional requirements and procedures for admission. A candidate for the Associate in Pre-Nursing degree must complete 100-105 quarter credits in academic courses numbered 100 or above with a cumulative grade point average of at least 2.0 and meet specific distribution requirements. Courses must be chosen from the following distribution areas: communication – 15 credits, quantitative/ symbolic reasoning – 5 credits, humanities – 15 credits, social sciences – 20 credits, mathematics/science – 40-45 credits, health-related and physical education/ recreational and leisure activities – 5 credits. **At least 5 credits must be W-designated (writing-intensive). At least 5 credits must be D-designated (global/diversity).** PE activity courses are limited to a maximum of three credits for the entire degree. At least 30 credits must be earned in residence from Spokane Community College or Spokane Falls Community College with at least 15 credits earned in the required distribution areas at the college awarding the degree. Prior college-level credits and grade points are transferred for calculating total credits and GPA.

NOTE: Students should always check with the receiving university for additional requirements. Most have competitive admissions and require one year of residency at their institution.

DISTRIBUTION Credits for a specific course may be used in only one distribution area requirement.

2014-2015

COMMUNICATION 15 credits

Courses from this area do not satisfy the writing-intensive requirement.

PHOTO 101

It is recommended that sequential science courses be completed at one institution.

¹ Required at UW and Seattle University only.

NOTE: Some institutions have requirements for admission to the major that go beyond those specified above. Students can meet these requirements by careful selection of additional elective courses. Students should work with a counselor or academic adviser for further guidance specific to their goals.

NOTICE: Due to the specialized nature of many of the listed courses, students should consult a counselor or academic adviser and the catalog of the four-year institution to which they plan to transfer for specific degree requirements.

DISCLAIMER: During the period this guide is in circulation, there may be curriculum revisions and program changes. Students are responsible for consulting the appropriate academic unit or adviser for more current and specific information. The information in this guide is subject to change and does not constitute an agreement between the college and the student.

ASSOCIATE IN PRE-NURSING DIRECT TRANSFER AGREEMENT/MAJOR RELATED PROGRAM (DTA/MRP) WORKSHEET 2014-2015

A total of 100-105 quarter credits are required. **At least 5 credits must be W-designated (writing-intensive). At least 5 credits must be D-designated (global/diversity).** PE activity courses are limited to a maximum of three credits for the entire degree. See reverse side for the complete statement of degree requirements and listing of available courses.

NOTE: Students should always check with the receiving university for additional requirements. Most have competitive admissions and require one year of residency at their institution.
