

IEL Fairchild AFB Center

Accelerated (8-week) credit courses

Academic Block I — Aug. 11 – Oct. 9
Open Lab I — Oct. 13 – Dec. 4
Academic Block II — Oct. 13 – Dec. 11
Interactive Video — Sept. 22 – Dec. 12
Distance Learning — Sept. 22 – Dec. 12

PRE REQ	ITEM	CRS NO	SEC	COURSE TITLE	INSTR	CR	BLD	RM	DAYS	HOURS
---------	------	--------	-----	--------------	-------	----	-----	----	------	-------

Start dates may differ from those on campus — CALL 533-8937

The college cannot guarantee class offerings, designated times or specific instructors—as funding levels and student interest may affect whether or not an offering is available.

At least 5-credits in “W” courses are required for the associate of arts degree and associate of science transfer degrees. A W-prefix course uses writing assignments in order 1) to help the student learn the course content, and 2) to familiarize the student with writing that is important in a particular profession or discipline. Students will produce a significant amount of the kind of writing valued within the discipline. For example, a “W” course in office technology might involve business letters, resumes, and business reports; and a “W” course in English might include book reviews, dialogues, research essays, and journals. Writing-intensive courses can be identified in the quarterly schedule by a “^W” following the course title.

At least 5-credits in “D” courses are required for the associate of arts degree. Global/diversity courses can be identified in the quarterly schedule by a “^D” following the course title.

NOTE: Some courses require the prerequisite be fulfilled prior to enrollment. These prerequisite numbers are listed in column one. Refer to prerequisite descriptions. Any prerequisite number with a “P” next to it will be verified for the appropriate test score or course prerequisite. If you have not taken the test or prerequisite at SFCC, or have not had your SCC test scores or transcript transferred to SFCC, your registration in this course will be blocked.

Online Class—If the instructor is listed as Online Class, courses require access to a computer with an Internet connection and an e-mail account. Some courses have additional technical requirements and many courses have specific software requirements. Courses present curriculum via computer to independent learners who must cover the topics and successfully complete class assessments. Instructor conducts class discussion which supplements the computerized instruction.

Hybrid Class—If the instructor is listed as Hybrid Class, courses combine traditional on-campus instruction with online learning. For example, a 5-credit hybrid course may meet two days a week in the classroom and an equivalent of three days online.

ACADEMIC BLOCK I
